

CEET

CENTER OF EXCELLENCE IN ENVIRONMENTAL TOXICOLOGY

CEET / Penn SRP Center

Fall 2017 – Spring 2018 Seminar Series

*10-100 Smilow Center for Translational Research (SCTR)

CEET and SRP Seminars- 3:00-4:00pm

Date & Location (*Unless otherwise noted)	Speaker and Title
September 21, 2017 (CEET) 3:00 – 4:00	Aalim Weljie, B.Sc., PhD Research Asst. Professor, Systems Pharmacology & Translational Therapeutics Institute for Translational Medicine & Therapeutics, Perelman School of Medicine (PSOM), University of Pennsylvania Title: “Circadian changes in metabolism: why the clock matters in toxicology”
October 12, 2017 (SRP) 3:00 – 4:00	Douglas Jerolmack, PhD Assoc. Professor, Earth and Environmental Science, Department of Earth and Environmental Science, School of Arts and Sciences, University of Pennsylvania, Leader of Penn SRP, Project 2: Mobility & Fate of Asbestos Particles in the Environment Title: “An exotic sediment: The strange behavior of asbestos in the environment and implications for health science.”
October 19, 2017 (CEET) 3:00 – 4:00	Quan Lu, PhD Associate Professor, Program in Molecular and Integrative Physiological Sciences, Departments of Environmental Health, Genetics & Complex Diseases, Harvard T.H. Chan School of Public Health Title: “Integrative Functional Genomics of Asthma and Asthma Therapy.”
November 9, 2017 (SRP) 3:00 – 4:00	Richard Pepino, M.S.S., M.S. Dep. Dir., Community Outreach & Engagement Core, Center of Excellence in Environmental Toxicology (CEET); Director, Research Translation Core, Penn SRP Center, University of Pennsylvania, Perelman School of Medicine Title: “Childhood Lead Poisoning in Fishtown: Translating Governance into Lower Risks Strategies.”
November 16, 2017 (CEET) 3:00 – 4:00	Samir Kelad, PhD, MPH Assistant Professor, Genetics, Center for Airway Disease and Cystic Fibrosis & Pulmonary Disease Research and Treatment Center, Marsico Lung Institute University of North Carolina Title: “Exploiting Mouse Genetic Diversity to Identify Mechanisms of Environmentally-Induced Airway Disease.”
December 14, 2017 (SRP) 3:00 – 4:00	Harvey I. Pass, MD Stephen E. Banner Professor of Thoracic Oncology; Vice-Chairman, Research, Department of Cardiothoracic Surgery; Director, General Thoracic Surgery New York University (NYU) Langone Medical Center Title: “Biomarkers for Diagnosis and Prognostication of Pleural Mesothelioma.”
December 21, 2017 (CEET) 3:00 – 4:00	Anil Vachani, MD, MS Associate Professor of Medicine, Division of Pulmonary Medicine & Critical Care; Pulmonary, Allergy, and Critical Care Division, University of Pennsylvania, PSOM Title: “Biomarker Discovery and Validation for Lung Cancer - Recent Progress and Future Directions.”

Fall 2017 – Spring 2018 Seminar Series

*10-100 Smilow Center for Translational Research (SCTR)

CEET and SRP Seminars- 3:00-4:00pm

Date & Location (*Unless otherwise noted)	Speaker and Title
January 11, 2018 (SRP) 3:00 – 4:00	TBA Title: "TBA."
January 18, 2018 (CEET) 3:00 – 4:00	J. William Gaynor, MD Professor, Cardiothoracic Surgeon, Division of Cardiothoracic Surgery, The Children's Hospital of Philadelphia Title: "In utero Exposure to Environmental Toxicants in Fetuses with Congenital Heart Defects."
February 8, 2018 (SRP) 3:00 – 4:00	TBA Title: "TBA."
February 15, 2018 (CEET) 3:00 – 4:00	TBA Title: "TBA."
March 8, 2018 (SRP) 3:00 – 4:00	TBA Title: "TBA."
March 22, 2018 (CEET) 3:00 – 4:00	Terry Kavanagh, PhD, MS Professor, Toxicology, Sheldon D. Murphy Endowed Professor, Toxicology & Environmental Health, Professor, Environmental & Occupational Health Sciences, Dir., UW Interdisciplinary Center for Exposures, Diseases, Genomics and Environment; University of Washington Title: " Microphysiological Systems for Investigating Chemically-Induced Oxidative Stress in the Liver."
April 5, 2018 (SRP) 3:00 – 4:00	TBA Title: "TBA."
April 26, 2018 (CEET) 3:00 – 4:00	Robert Tanguay, PhD Distinguished Professor of Molecular Toxicology, Department Environmental and Molecular Toxicology Oregon State University Title: "TBA."
