

Early Stage Investigator	Research	Current Position (Funding)
Rebecca Ashare, PhD	Nicotine dependence in HIV infected smokers	Assistant Professor of Psychology in Psychiatry [5R01-DA042682-03; and 5R01-DA044906-02]
David Feldser, PhD	Pathways activated by mutated p53 and K-ras in lung cancer.	Assistant Professor in Cancer Biology, University of Pennsylvania (R01-CA193602 and R01-CA222503). [Pilot Project Recipient]
Stacy Gelhaus, PhD	Lipid Peroxidation	Assistant Professor, Department of Pharmacology and Chemical Biology, University of Pittsburgh, PA (S10ODO23402)
Blanca Himes, PhD	Asthma pathogenesis and inhaled glucocorticoid insensitivity	Assistant Professor of Informatics, Department of Biostatistics, Epidemiology & Informatics, University of Pennsylvania. Associate Director of Population Exposure Sciences. R01 HL0133433-2) and (R01 HL014992-0). [Pilot-Project Recipient]
Daniel Huh, PhD	Organ-on-a-CHIP	Wilf Family Term Chair and Assistant Professor of Bioengineering. [R01-ES029275]
Folami Ideraabdullah, PhD	Mechanisms of Gene-Environment Interactions	Assistant Professor of Genetics, UNC School of Medicine (Mentored Scientist Training Awardee)-K22-ES023849-03.
Jianghong Liu, PhD,RN	Lead Exposure and Externalizing Behavior	Associate Professor of Nursing, University of Pennsylvania(K01-ES015877; R01 ES018858)
Andrew Strasser, PhD	Safety of Low Dose Nicotine Cigarettes	Research Associate Professor of Behavioral Health in Psychiatry, University of Pennsylvania SOM-[U54-CA229973-01]
Martha Susiarjo, PhD	Elucidating the Mechanisms of Diseases with Underlying Environmental Causes	Assistant Professor of Environmental Medicine, University of Rochester Medical Center (1R01-ES039469-01A1)
Ken Yu, MD	Biomarkers of Pancreatic Cancer	Assistant Professor, Sloan-Kettering Cancer Institute, NY [5R01-CA202762-03]
